The Episcopal Church in the Philippines (ECP) is continuing to work towards its vision of becoming a “dynamic and vibrant church of caring, witnessing and mission-oriented parishes by 2018.”

Through this program, children are being taught in Sunday School and Vacation Bible School (VBS) by volunteer teachers, most of whom are college students. Over the past few years, there has been a significant increase in the number of volunteer teachers so more training sessions are needed. Training has focused on drama and theatre as effective tools for educating young people about Christian values.

Children and youth benefit from the Christian Education materials in all Episcopal Institutions and from resources offered to Sunday Schools and Vacation Bible School.
