Showing the Grace and Love of God

From the Executive Director

It is my great pleasure to present to you the Annual Report for the Financial Year 2007–08. In its pages you will find brief stories of inspiration and deep commitment. These are the stories of our extraordinarily committed Partners who minister and work across communities which are frequently very diverse, often in developing countries, and fairly regularly alongside people in great need of support. This commitment is grounded in their love for God, a love for those amongst whom they minister and a great desire to provide a sense of hope for the future.

Whilst I am new to the position of Executive Director, I have of course worked with ABM for a number of years and know first-hand that this love and commitment finds its expression in very practical ways. This ensures that efforts undertaken by all our Partners allow them to not only be agents for change but to also deliver first class programs which seek to transform the physical and spiritual nature of people’s lives.

Closer to home I am aware of the significant prayer, support and goodwill that ABM and our Partners receive from volunteers and donors throughout Australia. Such support is of course part of ABM’s core, and the Board, Staff and I, remain humbled by the generosity of parishes, schools and individuals. The remarkable response to ABM’s Emergency Appeals (especially after the cyclones in Oro Bay, PNG and Myanmar), as well as the ongoing interest in the work of our Partners from concerned Australians across this country, are key indicators of this support. I would also like to take this opportunity to thank, not only all who serve on the ABM Board and other management committees, but the many people who support us through the ABM Auxiliary, mission committees at Parish and Diocesan level or volunteer in other ways and show by their commitment the grace and love of God to those in need.

As I write this the world sits on the brink of economic hardship. For many of the people that we and our Partners meet daily this may make little difference. When you have nothing it’s hard to know what it means to go beyond nothing. However the withdrawal of financial support to any agency that provides resources and an opportunity for whole communities to break out of the cycle of poverty, will have a lasting effect. Whether it is the provision of pastoral care, leadership training, clean water, medical assistance, education or food security, we need to find ways in which we can maintain and grow our support for the communities we serve. I look forward to continuing to pray and work with you as together we seek to work for a future world that reflects God’s love, hope and justice for all.

John Deane, Executive Director

Our Vision:
ABM wants to see people everywhere experience the wholeness of life God offers in Jesus Christ, and to this end support our Partners as they participate in God’s mission.

Our Profile:
ABM is the national mission agency of the Anglican Church of Australia. We work with Anglican Church Partners to develop and provide for the spiritual, social and material needs of people, both overseas and within indigenous communities in Australia. We help the Anglican Church and the wider community realise and respond to the call for each of us to be a part of God’s hope for the world.

OUR PARTNERS 2007–2008
In Australia: The Anglican Dioceses of: North West Australia; Gippsland; the Northern Territory, North Queensland, Rockhampton, Canberra/Goulburn, Bendigo. Nungalinya College Darwin and Wontulp-Bluyo College Cairns.

Front cover photo: Women who attend the Diocese of Egypt’s Christian Community Centres in and around Cairo are able to learn general sewing and embroidery skills. Their work is sold in the Cathedral shop as part of an income generation program. Photo: Don Brice © ABM Egypt Collection.
**ABM’s Overseas Programs**

ABM’s Overseas Program has two strands – the work of Community Development and the work of the Church to Church Program. The Community Development Program works with Anglican Church Partners in the Pacific, PNG and South-East Asia to help deliver grassroots, community-driven development projects that cover issues such as basic health and education, food security and livelihood support. The Church to Church Program works with Partner churches to grow and strengthen the church’s capacity to proclaim the Gospel of Jesus Christ. Projects such as theological education, ministry development and specific ministries such as university chaplaincy or women’s ministry, are all designed by our Partners to meet the local needs of their communities.

**In 2007/08 ABM’s Community Development Program has supported the following projects:**

### 1. Water and Sanitation Program

**The Philippines**

The lack of improved water and sanitation (Watsan) services has long been associated with exacerbating the effects of poverty in the Philippines. ABM’s Watsan program, in partnership with the Episcopal Church in the Philippines (ECP), continues to provide sufficient access* to potable water in remote and rural communities, where government support for vital infrastructure is minimal due mostly to lack of resources and lack of political will. The program provides simple gravity-fed and deep well water systems and includes the construction of water tank/s, pipelines from the water source, as well as water taps located in easy-to-access locations within the community, so that as many people as possible are able to use and share the water.

As a result of this program, more than 600 households and 3,000 people have improved access to clean water in 2007/08.

**“Access” means that the source is less than 1 km away from its place of use and that it is possible to reliably obtain at least 20 litres per member of a household per day (World Health Organisation)**

**Completed**

- Sagpat Water*
- Banguitan Water*
- Mambucal*
- Batong Lusong*
- Balangao Water*
- Water Safety Management

**In Progress/Continuing**

- Locolong*
- Bebe*
- Guedged* (replaced the Allangigan project)
- Englandad*

*For these projects ABM also had counterpart funding from AusAID

**Papua New Guinea**

Access to clean, potable water is also an ongoing challenge for many communities throughout Papua New Guinea. Many people still use streams and rivers as their main water source for domestic use. Typically the responsibility for the collection of household water falls on the shoulders of women and children: an arduous and time consuming task, as water sources are usually located some distance from their houses.

**Completed**

- Three rain water tanks have been purchased for the St Margaret’s School of Nursing (SMSN)*

*For these projects ABM also had counterpart funding from AusAID

**Vanuatu**

From the beginning of 2008 ABM’s Auxiliary has been supporting the development of water projects in the two dioceses of the Church of Melanesia in Vanuatu (the Diocese of Vanuatu, and the Diocese of Banks and Torres). Both dioceses work with church communities living in isolated rural areas that have difficulties in accessing clean and reliable drinking water. The church has identified two communities for the development of pilot projects that will establish a distribution network of a potable water source within those communities.

**In Progress/Continuing**

- Water projects in the Diocese of Vanuatu
- Water projects in the Diocese of Banks and Torres

**2. Health Programs**

**Solomon Islands**

The Christian Care Centre just outside Honiara is the only women’s refuge of its kind currently operating in the Solomon Islands. ABM continues to support ongoing requests for the operation of the Centre, facilitating the provision of accommodation, counselling, and a safe haven for abused women and their children.

**In Progress/Continuing**

- Support for ongoing resourcing for accommodation, counselling and support activities for staff and clients

**Papua New Guinea**

Many people living in remote and rural areas of Papua New Guinea have limited access to health services and are unable to receive treatment for diseases like malaria, cholera, tuberculosis and measles. The Anglican Health Service (AHS), an agency of the Anglican Church of Papua New Guinea, is committed to providing a quality health service.

ABM works in partnership with AHS to address these health issues in remote rural areas to facilitate provision of quality health services and improved living standards.

**Completed**

- Auhura Aid Post and Topura Aid Post renovated*
- Staff house renovated at Sakarina Health Centre*
- Food processing training facility set up in Popondetta*

**In Progress/Continuing**

- Funding for a nurse tutor (male) at St Margaret’s School of Nursing (SMSN) and
- 2 staff (1 man/1 woman) at Movi Clinic to provide STI services*
- Renovation of AHS remote facilities*

*For these projects ABM had counterpart funding from AusAID

**Myanmar (Burma)**

ABM continued its support for the water and sanitation program in the Diocese of Toungoo (The Anglican Church of the Province of Myanmar) and set up water systems in ten remote villages in the Toungoo area. These are simple water systems which include one or two water tanks and connecting pipes (cost approximately $1,100), and serve a minimum of 30 families. At least two diocesan staff were involved in the implementation of community projects, and assistance from local people was sought in situations which required more technical skills.

**In Progress/Continuing**

- This program is continuing.
3. HIV & AIDS Program

Solomon Islands and Vanuatu

ABM is working with the Church of Melanesia (COM) to build the capacity of the church to respond to the needs of Solomon Islanders and the people of Vanuatu in their fight against an emerging HIV and AIDS crisis. COM continues to dedicate resources to the development of HIV prevention and education activities, particularly among young people. In the Solomon Islands and Vanuatu, the youth sectors remain one of the most vulnerable sectors of the population. COM, with the assistance of the Anglican Church of PNG, have put together an HIV and AIDS policy document for all staff currently working within its sphere.

In Progress/Continuing

- Resourcing of technical support and mentoring for the HIV and AIDS Program Officer position within the Church of Melanesia.

Papua New Guinea (PNG)

The Anglican Church of Papua New Guinea (ACPNG) seeks to reduce the spread of HIV and AIDS in PNG through prevention, education, and treatment of people living with HIV.

ABM is strengthening the capacity of the ACPNG institutions’ efforts to respond to the HIV and AIDS pandemic by providing resources which offer an effective ministry of care, support and positive living for people infected with and affected by HIV.

Completed

- Seven Peer Education workshops for 189 people (116 Men/73 Women)*
- Four Voluntary Counselling and Testing (VCT) workshops for 74 people*
- National HIV&AIDS meeting held, along with Diocesan meetings in the Dioceses of Dogura, Mount Hagen and Nuigini Islands*
- Red Ribbon activities carried out in Popondetta with three churches*
- Gender workshop held with 12 people (four men/eight women) from across ACPNG*

*For these projects ABM had counterpart funding from AusAID

In Progress/Continuing

- Anglicare StopAIDS staff team resourced to implement HIV awareness and VCT in Port Moresby, Mount Hagen and Popondetta*
- Peer Education activities*
- HIV and AIDS counselling and training*
- Provincial and Diocesan HIV and AIDS Development Officers*

*For these projects ABM had counterpart funding from AusAID

4. Agriculture Program

The Philippines

This agriculture and livelihood support program continues to help poor communities break out of subsistence farming, through the provision of agricultural inputs and alternative sources of income. The provision of agricultural inputs (such as threshing machinery) minimises production costs to farmers and improves their quality of life (i.e. less time spent pounding or drying rice). Providing opportunities to start small livelihood activities helps community members build on the resources that are available to them. It also aids in improved income generation which enables communities to access basic needs such as medicines and education.

A total of 376 families in five different communities benefited from this program in 2007-2008. Two communities were provided with simple irrigation facilities. Post-harvest facilities were made available to three other communities including: a rice mill, two solar dryers, two grain storage facilities, rice and corn threshers and other small farming equipment. One community started strawberry farms, and some communities undertook livestock dispersal.

Completed

- Cadtay Upland Irrigation*
- Acoje Irrigation*
- Lacmaan Livelihood Project*
- Pangi Postharvest Facilities and Farm Support Project*
- Northern Buringal Development Project*

*For these projects ABM had counterpart funding from AusAID

5. Education Programs

Myanmar

In 2007 the English Language Centre (ELC) in the Diocese of Toungoo catered to a total of 280 young students and adult learners. The classes ranged from beginner to upper intermediate levels, and the International English Language Testing System (IELTS) preparation. The summer classes for young learners in 2008 had 190 students.

Last year was the third and final year of ABM’s support for this project in the Diocese. The ELC is now fully self-supporting. Following on from the success of the Centre, the Diocese has also commenced a kindergarten class.

Completed

- Toungoo English Language Program

Papua New Guinea

The Anglican Education Division (AED) provides ongoing access to basic education and training opportunities throughout PNG. The majority of the rural population are faced with regional and gender disparities in education, attributed to high poverty levels, the cost of school fees at all levels of education, cultural beliefs and geographical barriers. AED is working closely with the Government of PNG (GoPNG) to address these challenges. The churches are responsible for providing the facilities, and the GoPNG funds teacher salaries, and the provision of teaching and learning materials.

ABM supports AED efforts to develop its institutional capacity to enhance efficient delivery of quality educational services.

Completed

- 12 teaching graduates recruited for rural teachers’ positions (five men/seven women), transfer to their rural teaching positions funded, and 51 student teachers sponsored (30 men/21 women) to be rural teachers*
Young children attending Summer School – English Language classes are held in the Toungoo Diocesan Language Centre, Myanmar (Burma).

Photo: Lina Magallanes.

Assisted three schools with maintenance: fixing the walls on one classroom, a new iron roof for another, and contributed weatherboards and paint towards the construction of a new teacher’s house*

Developed and evaluated curriculum for HIV training in schools (from Grades 3 to 13) and provided five teacher training workshops for 74 teachers (37 men/37 women)*

Board of Management training provided for 13 schools (57 participants: 38 men/19 women)*

Literacy classes held in Aipo Rongo Diocese for approximately 120 students (10% Men/90% Women)*

Biniguni Vocational Training Centre (VTC): assisted with Manager’s salary in providing home economics, agriculture and carpentry classes to 43 students*

Hioge VTC – assisted with building a manager’s house and classrooms, providing materials and equipment and course materials to start classes in 2009*

Ajoa VTC – assisted with advertisement and appointment costs for a manager and materials and tools to start classes in 2009*

Sagsag VTC – assisted with site preparations*

AED Education Policy was updated and reviewed*

In Progress/Continuing

Women’s Literacy*

Effective Education Unit*

Rural Teachers Support*

*For these projects ABM had counterpart funding from AusAID

Solomon Islands and Vanuatu

In both the Solomon Islands and Vanuatu, ABM supports the work of the Mothers’ Union through the Church of Melanesia in the delivery of basic literacy training for women. A key focus of the work carried out by the Mothers’ Union is to develop the capacity for women to have an influence in the decision making processes at village and community level through greater literacy skills. Moreover, basic literacy skills for women provide an entry point to the job market and open up options to develop small scale business ventures in local communities.

In Progress/Continuing

Mothers’ Union literacy training activities

Mothers’ Union procurement of office equipment for staff in Honiara

6. Institutional Strengthening Program

Myanmar

ABM continued to encourage the various dioceses of the Anglican Church of the Province of Myanmar (CPMI), and strengthened the church’s capacity to undertake community development work. Projects are in the pipeline to address the capacity-building needs of diocesan staff, lay ministers and clergy. This will enable them to meet the needs of the communities in which they work.

In Progress/Continuing

Capacity Building

Papua New Guinea

ABM is working collaboratively with the Anglican Church of Papua New Guinea (ACPNG) to strengthen the capacity of the church, by developing the skills of the ACPNG personnel so as to integrate and build local resources to ensure project sustainability.

ABM, together with the ACPNG, also recognises the role of communities in the development process and encourages their mobilisation and empowerment towards poverty reduction strategies.

Completed

Church Partnership Program (CPP) Co-ordinator appointed in November 2007 and a Finance Manager – CPP in May 2008*

MYOB training provided to five finance staff (two men/three women)*

Local level administration facilitated with provision of a server for the national office, six computers, two fax machines, three printers, and a variety of office furniture*

General leadership training for 2.5 days provided for the new ACPNG Finance Committee (13 men/one woman)*

An audit of the Anglican Education Division (AED), the Anglican National Office and the Anglican Church of Papua New Guinea (ACPNG) HIV CPP expenditure was conducted*

Three CPP Committee meetings held with eight members (five men/three women)*

In Progress/Continuing

Salary of CPP Coordinator*

Leadership Training for ACPNG*

*For these projects ABM had counterpart funding from AusAID

7. Inclusive Communities Program (ICP)

Solomon Islands

ABM, in partnership with the Church of Melanesia and AnglicORD, maintains its ongoing support for the work of the Inclusive Communities Program. Peace and reconciliation concerns still linger from the ethnic tension that gave rise to civil unrest in the late 1990s and early 2000s. This program seeks to develop within Solomon Islands communities the resources and skills for individuals and communities to negotiate these concerns. The program has been able to diversify its approach through partnership with the Mothers’ Union (MU) in the Solomon Islands. One example of this is the MU literacy program which is now being delivered in prisons across the country via the ICP staff.

In Progress/Continuing

Development of strategies/design for phase 2 of ICP program*

*For these projects ABM had counterpart funding from AusAID
ABM’s Overseas Programs (cont.)

In 2007/08 ABM’s Church to Church Program has supported the following projects:

1. Children and Youth
Most of our Partners minister in communities where a large part of the population consists of children and youth. These young people are the future leaders of their church and country. ABM supports our Partners who are working to care for, resource and train them. The major areas of work are:
- In the Philippines ABM is supporting children’s ministries and the development and production of Sunday School material.
- In Korea ABM supports the Remnant House Caring for Children program.
- In Papua New Guinea, ABM supports National Youth Ministry, the development of a national Religious Education curriculum and youth workers in the Dioceses of Aipo Rongo and Popondota. The preschool at Newton College continues to cater for the children of students. Parishes in Port Moresby care for urban young people through camping and other programs and the ministry of the Chaplain at the University of Port Moresby.
- Children of priests and catechists in the Anglican Church of PNG who otherwise would be unable to afford to send their children to school, are given the opportunity of gaining an education as a result of ABM’s support.
- Diocese of Singapore – ABM is supporting the equipping of an Indonesian Mission School.
- North Africa – supporting a student program in Algeria.

2. Theological Formation
ABM supports two institutions in Papua New Guinea that train candidates for priesthood and ministry.
- At Newton Theological College ABM supports students and a women’s program.
- At Kerina Evangelists College ABM provides support for students and staff.

3. Proclaiming the Gospel
ABM supports our partner churches in reaching out to their communities and demonstrating the love of Jesus in words and actions. Projects ABM funds include:
- Melanesian Brothers – supporting the head brother, novices, a chaplain and training
- A training course – “Proclaim the Gospel” in the Diocese of Dogura
- Mission and Evangelism in the Diocese of Popondota
- In the Philippines – Mindanao Evangelism Outreach, an Integrated Evangelism and Empowerment program and Evangelism Support staff.
- In Korea – the Busan Cathedral Church Evangelism Program

4. Enhancing Ministry
ABM provides assistance with strategic ministries, training and resources. Projects ABM funds include:
- Regional Bishops in the Diocese of Aipo Rongo
- Rita Simeni’s work with the Women in Ministry Program
- Administration Training in Popondetta
- Training for clergy, catechists and lay workers in PNG and the Philippines

5. Encounter Program
ABM’s Encounter program facilitates priests and leaders from partner churches to spend three months in Australia with one or more Anglican parishes. The participant experiences Australian and Anglican life, participates in the mission and ministry of the church and reflects and learns in a cross-cultural setting. The program leads to the building of relationships between Australian and partner churches and builds the leadership capacity of the participant. This year Fr Isaiah Masida from PNG participated in the program.

6. The Episcopal Church in the Province of Jerusalem and the Middle East
Australian Anglicans each year join in making gifts to ABM’s Good Friday Gift that assists the Diocese of Jerusalem and the Diocese of Egypt with North Africa and the Horn of Africa, with their ministries including:
- the Ahli Arab Hospital in the Gaza Strip which despite suffering damage during the year has continued its mission of love to eliminate the suffering of thousands in need.
- In the Diocese of Egypt it has supported the ministry of the church in Ethiopia, Algiers and Egypt with special needs schools, community centres and providing medical care.

Church to Church Program – Completed Projects during 2007/8
- New Parish of Ginji in the Diocese of Aipo Rongo, PNG
- Deo-Bool-Eo-Soop Youth Program, Kum Ja Bang After School Program Korea
- Youth Programs in the Diocese of New Guinea Islands, PNG
- Good Samaritan Program in Port Moresby, PNG
- Youth Workers Training in Egypt
- Micro-enterprise in the Diocese of Aipo Rongo, PNG
- Dandelion Ecological Co-operative in Korea
- Newton Theological College – Visiting Lecturers and Encounter Program for PNG Lecturers
- New Growth in Egypt, the Cairo Community Centre and the Hawamdaya Congregation
ABM believes that Indigenous Australians have a special place in this country especially as we look to their ancestry which dates back thousands of years. Many Indigenous Christians believe that God was with them from long ago and they find meaning and hope in the Good News of Jesus Christ. We believe there is a need for trained Indigenous Christian leaders to minister to their communities. Consequently ABM’s priority is to support Indigenous Australian Anglicans—both Aboriginal and Torres Strait Islanders—as they minister amongst their own people and communities. During the twelve-month period ABM has supported the following programs:

The following projects continue to be supported by ABM

**Diocese of Bathurst**  
Indigenous Rural Gospel Outreach—Rev’d Gloria Shipp: Gloria and her team, called “Walkabout Ministries” are involving Aboriginal people in fellowship and worship through Women’s camps, Men’s camps, conventions and visits to other western NSW communities.

**Diocese of Bendigo**  
Indigenous Youth Worker—Robinvale: This project has sought to raise funds for a Youth Worker to support and encourage young Aboriginal people living in and around Robinvale in North West Victoria.

**Diocese of Canberra/Goulburn**  
Rev’d Tom Slockee: Tom continues his ministry in the Mogo/Bateman’s Bay area and at the Boomerang Centre in Mogo. Tom conducts worship services at the Boomerang centre, which is also used for art and craft activities and various community meetings.

**Dhurga Language:** Language recovery and scripture translation work continues, with Rev’d John Harris assisting. Dhurga is the Aboriginal language covering the area from the Shoalhaven River in NSW down to the Victorian Border (approximately).

**Diocese of Gippsland**  
Ministry at Lake Tyers: In 2007-08 ABM supported a part-time Aboriginal ministry position in Gippsland. Kathy Dalton works with the Aboriginal community around Morwell and the Latrobe Valley, helping organise funerals, pastoral care, and running a Sunday School with some of the elders. The project also seeks to support a worker in the Lake Tyers area as soon as a suitable appointment can be made.

**Diocese of North Queensland**  
Youth Worker—Yarrabah: Deacon Edward Murgha has been appointed to co-ordinate youth work in the Yarrabah St Albans Parish. He is joined by a team of around 7 local people who assist with the ministry to children and youth in the Parish.
Supporting Indigenous Theology Students and Further Development and Leadership Training at Wontulp-Bi-Buya College: Funds raised from this project go towards assisting the students by supporting the administration staff as they look after the well-being of each student. It also provides the back-up support needed to keep the college operating smoothly.

Support the Indigenous Principal and the Assistant Principal at Wontulp-Bi-Buya College: This year saw the commencement of Rev’d Victor Joseph from Moa Island as Acting Principal of the College. Rev’d Victor, his wife and children moved to Cairns to take up the position. Rev’d David Thompson continues part-time as Assistant Principal at the College.

Wontulp-Bi-Buya Regional Workshops: Rev’d Michael and his wife Rev’d Valma Connolly conduct regional workshops in Theology and Bible studies in the remote areas of Queensland. They also conduct Bible Studies and follow-up Wontulp students completing studies in their own communities.

Bishop James Leftwich: Bishop James continues as an Assistant Bishop of North Queensland and as the National Aboriginal Bishop. Bishop James is often found at the St Luke’s Church in Cairns which has a lively congregation of mainly Aboriginal and Torres Strait Islander people including many children and young people.

Rev’d Saul Burns: Rev’d Saul ministers part-time at the Lotus Glen Correctional Centre near Mareeba. He is also involved in leading worship at Herberton every second Sunday and sees his ministry focus being primarily in the Atherton Tablelands area.

Regional Clergy Conference of Torres Strait Clergy: This ongoing project brings together the Torres Strait clergy to address issues which concern the church. The conference is convened by Bishop Saibo Mabo, the Bishop with special responsibility for the Torres Strait. The Bishop’s wife, Sania leads activities for the Clergy wives at the conference.

Diocese of Northern Territory
Rev’d Hiley Diweula: We continued to support the Rev’d Hiley in his work with Aboriginal people at two Town Camps in the Alice Springs area. Hiley is from Papua New Guinea and is assisted in the work by his wife Rita and their two daughters.

Aboriginal Ministry Development: In partnership with the Diocese of Northern Territory, we supported ministry development in the Anglican areas of Arnhem Land and Groote Eylandt. This enabled an Aboriginal Deacon to spend some time in mission to another community. It also provides some resources for ministry including visits by other Clergy.

Post Ordination Training: Funding for this project enabled further training for Indigenous Clergy in the Northern Territory including travel into Darwin for meetings with other Aboriginal clerics. This ongoing training often happens at Nungalinya College which ABM has supported now for many years.

Training Indigenous Church Workers at Nungalinya College: A number of Indigenous Christians are being trained to teach theology classes at Nungalinya. Aboriginal Deacon from Umbakumba, Colleen Mamarika, and Marjorie Hall (a woman from Ngukurr community), have been teaching two-week block sessions at Nungalinya College which involves preparation and delivery of lessons.

Support Theology Lecturers at Nungalinya College: This project has supported a part-time Theology lecturer during 07 – 08. This enabled the College to employ Malveena Welsh to engage in a teaching program throughout the year.

Diocese of Rockhampton
Ministry at Woorabinda – Rev’d Dan Joyce: ABM supports Dan’s travel and ministry costs to the Indigenous community of Woorabinda and at Murri Wodja in Rockhampton. Woorabinda is about 2 hours drive, south-west of Rockhampton.

Projects Completed by June 30 2008
Diocese of North Queensland
Bringing the Gospel Home: ABM supported the “Bringing the Gospel Home” project which involved the development of a mission outreach program amongst the local Anglican congregations and communities in the Kempsey and Wauchope areas of NSW by the Yarrabah dancers from far North Queensland.

Diocese of North West Australia
Ministry at Oomulgurri: In 2007 ABM commenced raising funds for a project to revitalise the Oomulgurri community (approx 3,500kms north from Perth) which would include involvement by the Yarrabah Dancers from Queensland. Due to a number of unforeseen circumstances, the Bishop of the Diocese asked ABM to cease its support for this project at the end of the year. Although it did not come to fruition, the project did involve developing important contacts and a significant visit was made by ABM staff to this former Anglican mission which dates back to 1912. (Ernest Gribble commenced there in 1913.)
Emergency Relief

ABM responds to requests from communities seeking assistance as a result of disasters.

Recognising the capacity within communities to organise their own solutions to adversity, ABM supports local leadership in responding to crises either through our Anglican Church Partners or agencies associated with the global Action by Churches Together (ACT) alliance. In November 2007, Oro and Milne Bay Provinces of Papua New Guinea were affected by flooding on a scale not experienced in living memory. ABM worked closely with our Partners in the Anglican Church of PNG who played a critical role in the emergency response, bringing food, shelter and water to struggling survivors. ABM also assisted Partners to respond to crises in Gaza (Palestine), North Korea and Myanmar as well as participating in ACT relief efforts in Sichuan (China), and Zimbabwe.

Completed
• Gaza Hospital Assistance, Palestine
• North Korea Floods Assistance

In Progress/Continuing Assistance to victims of:
• Cyclone Guba, Papua New Guinea*
• Cyclone Nargis, Myanmar
• Sichuan Earthquake, China#
• Provision of food relief, Zimbabwe#

*For this project ABM had counterpart funding from AusAID
#ABM participated in the combined Action by Churches Together (ACT) response

Cyclone Nargis hit the Irrawaddy Delta in Myanmar causing enormous damage to property and loss of life. This was just one of the Emergencies that ABM responded to in 2007/08. Photo used with permission.

Community Education

ABM is committed to working with our supporter base and the wider public to raise issues and provide resources that will help create a better educated community.

In the last year we have continued our regular commitments, providing information and resources to schools, parishes, dioceses, synods, interest groups, church and secular press and strategic gatherings of ABM supporters. ABM staff have travelled the country presenting and training our volunteers. Many of these volunteers spend numerous days each year speaking on behalf of ABM and our Partners.

We have again welcomed visitors from our Partners, providing opportunities for many people to hear first-hand the experience of those who struggle for justice in developing nations. These visitors have garnered significant interest from the media, providing further opportunities to tell the story of people who live outside the safety of societies such as our own.

ABM continues to work with the Anglican press to tell the story of our work and our world. Each month we provide stories for papers which are the primary source of information to the parishes about the work of the wider Anglican Communion.

Our commitment to video media has been strengthened in the last year with many new films being created with our Partners and released on DVD, through our Lenten Program, to parishes and schools across the country. These films are also available online through our website and have been watched by an estimated 100,000 people over the last four years. The collection of films made during the past year won an award from the Australasian Religious Press Association for their original approach to communication.

ABM volunteer filmmaker, Shane Fulwood, catches a shot while perched on the side of a tricycle in Bontoc, Northern Philippines. Stephen Daughtry © ABM.

ABM’s emerging advocacy initiative has, during the past year, responded to direct calls for assistance from our Partners by sending press releases to news agencies highlighting the concerns raised. As an organisation we consider it our privilege and duty to help the wider community hear the voice of the poor and marginalised.

### Directors’ Declaration

The directors of the company declare that:

1. The financial statements and notes present fairly the company’s financial position as at 30 June 2008 and its performance for the year ended on that date in accordance with Accounting Standards and other mandatory professional reporting requirements;

2. In the directors’ opinion, there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

Director __________________________ Director __________________________

Dated 12 September 2008
We have audited the additional information of Anglican Board of Mission – Australia Limited, which comprises the balance sheet as at 30 June 2007, the income statement of Community Development Programs – schedule 1/1, table of cash movements and statement of changes in equity for the year then ended, which have been prepared pursuant to the Australian Council for International Development (ACFID) Code of Conduct.

Directors’ Responsibility
The directors of the entity are responsible for the preparation and fair presentation of this information.

Auditor’s Responsibility
Our responsibility is to express an opinion on the information based on our audit. We conducted our audit in accordance with Australian Auditing Standards, in order to provide reasonable assurance as to whether the additional information is consistent with the 2008 annual statutory report of Anglican Board of Mission – Australia Limited. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the information is free from material misstatement.

An Audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the report. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error.

The financial report has been prepared for distribution to members for the purpose of fulfilling the directors reporting obligation under the ACFID code of conduct. We disclaim any assumption of responsibility for any reliance on this report or on the financial report to which it relates to any person other than the members, or for any purpose other than that for which is was prepared.

Auditor’s Opinion
In our opinion, the additional financial information is consistent with the annual statutory financial report for the year ended 30 June 2008, from which it is derived, and upon which we issued a qualified audit opinion. The qualification is detailed below:

As is common for many charitable organisations, it is not practicable for the company to maintain an effective system of internal control over donations and other fund raising activities until their initial entry in the accounting records. Accordingly, our audit in relation to such income was limited to amounts recorded.

For a better understanding of the scope of our audit this report should be read in conjunction with our audit report on the annual financial report dated 12 September 2008.
