

PRAYER

Open our eyes, Lord,
to the needs of all your people.
May we work with them
to bring love, hope and justice to life.

Having listened to the voices of those in need, Lord,
let us be swift to do good,
sharing what we have,
so that we may please you,
and enact justice with our global neighbours.

May we generously share of all you have given us,
loving our neighbours as ourselves
so that all lives may be blessed.
May the crops of our partners flourish,
their animals thrive,
and their children and grandchildren
embrace life in all its fullness.

We ask this in the name of Jesus Christ,
friend and brother.

Amen.

ABM AID's programs in the Philippines, Kenya, Zambia and Vanuatu receive support from the Australian Government through the Australian NGO Cooperation Program (ANCP).

A hand up is sometimes all that's needed to help people lift themselves out of poverty. A loan for a piglet. Some gardening tools and seeds. A water tank close to home.

Our church partners across Asia, Africa and the Pacific are extending that helping hand: strengthening food security, building up livelihoods and walking alongside communities to achieve long-term change.

Grandparents Gregorio and Luz live on a small island in the Philippines.

Their granddaughter Sabrina, 3, lives with them - her father was killed in a fishing accident, and her mother works on another island. Gregorio fishes to provide for his family, but at times his nets come up empty.

Through the work of our local church partner, Gregorio and Luz received a small start-up loan and learnt new methods of farming and pig-raising. When fish stocks are low, they now have garden produce to eat and pigs to breed and sell. With this income, they can put aside a little for Sabrina's education.

"For as long as I live, I will continue supporting Sabrina," says Gregorio.

Grandparents Gregorio and Luz Pacião with their granddaughter, Sabrina.

Luz Pacião tends to her crops. "I pray that this initiative will continue so that more poor communities will be empowered," she says.

Around the world, your gift helps end the cycle of poverty.

In the Philippines, Kenya, Zambia and Vanuatu, your compassionate support is providing communities with the tools they need to turn scarcity into abundance.

Small business start-ups in Kenya. Water closer to home in Vanuatu. Pigs and gardening tools in the Philippines. These are the practical, real and needed outworkings of God's love for all people. Our local Anglican partners work directly with communities to provide these things - but they can't do it without you.

Over the last 4 years, your faithful and generous giving has helped:

- 11,245 people increase their access to sufficient food,
- 15,292 people increase their incomes

It's work that's changed thousands of lives, but we can't stop there.

Your generous support is empowering vulnerable communities around the world to improve their living conditions, using local wisdom and resourcefulness.

Because all God's people deserve life - life in all its fullness.
